

# CONSTRUCTION UPDATE

- Organic Soil - contaminated soil uncovered in south lot. 13 dump trucks of soil removed.
- Water/gas - water testing was positive, gas line has been rerouted
- Driveway - The water main at the driveway, has been backfilled with a gravel patch. Waiting on a date for paving of this part of the drive. Access to driveway 09.24.24. Access to the back parking lot remains non accessible.  
Drop off area - pavement ramp has been spread to allow for better accessibility at drop off zone by the rear pergola. Drivers can drop off and go forward through fenced area to turn around.
- Construction Schedule - delays due to contaminated soil and waiting for the gas line information. Our new construction completion date is September 15, 2025. Once the last of the soil is removed, Elgin Contracting will be able to move full steam ahead. 9/30/2024

Expansion Site Meetings held biweekly. SGC Expansion site committee – Larrie Blancher, Chris Cunningham, David Hilderley, Nelia Hunt
